ALL MEMBERSHIP CARDS

(Need Photo w /SUIT JACKET, SHIRT & TIE)

Clear Background

The International Headquarters is committed to enhancing the image of the brotherhood and adhering to the ideals of our founders. Since all official meetings of Omega Psi Phi Fraternity, Inc. are considered formal meetings, and require appropriate attire. Additionally, proper attire is required of individuals attending interest meeting, when applying for membership into the fraternity, and during the MSP process. Therefore, identification cards will only be created with photos of properly attired individuals. This includes identification cards of newly initiated brothers as well as brothers who are renewing their membership. Properly attired is defined as collared shirt, coat and necktie.

Currently, the KRS and each financial brother have the capability of updating the brother's official photo via the My Page link in the "Member's Only" section of Omega's Website. If photos of brothers improperly attired are uploaded via the website. The status of a financial brother will be changed from 'Financial' to 'Hold-Financial' until a proper photograph is submitted. No pictured identification card will be issued until a properly attired photo is received in IHQ. All improper photos will be removed from the website as they are discovered.

If photos of brothers improperly attired are submitted in the MSP Packages for new initiates, the packages will be processed, but no pictured membership identifications cards will be issued until a properly attired snapshot is received in IHQ. For brothers who are renewing their membership, the system will be updated to indicate that the brother is "Hold Financial", but no pictured identification card will be issued until a properly attired photo is received in IHQ.

Remember, all formal meeting of the fraternity require proper attire, as well as many of our public programs. Please support the enforcement of this policy as we attempt to enhance the image of our beloved fraternity.
